Treating Problems around the Head and Neck with Acupuncture

This weekend is for differentiating diagnosis of headaches in different head areas, yin and yang types, different causes and how to treat successfully with acupuncture.

We will also discuss menstruation related headaches, common cold, allergic rhinitis, nose bleeding, loss of smell, sinusitis;

Diseases of eyes such as short and long-sight, dry eyes, conjunctivitis, optic nerve atrophy and cataract;

Ear related conditions such as acute and chronic deafness, dizziness and tinnitus;

Teeth related problems, stomatitis and ulcers in mouth, bruxism:

Also facial paralysis, trigeminal neuralgia, neck and shoulder pain are further conditions to be discussed.

Would you like to be able to treat your patients with quick and effective results?

Patients are welcome for the above topics.

Please let us know beforehand.

Dr. med.
Radha Thambirajah

graduated from Shanghai Medical College in 1970. She studied Medicine and specialised in Acupuncture. After her internship in China, she returned to Sri Lanka where she established her practice. She founded the Academy of Chinese Acupuncture in Sri Lanka in 1980, and trained doctors and health professionals all over the world. In 1984, she moved to England following the communal problems in Sri Lanka. She opened the Academy in Berlin, and to date, the Academy has trained over 9000 students worldwide. She lectures acupuncture in Europe for over 20 years. She does regular courses for the Forschungsgruppe Akupunktur in Germany, and is a visiting lecturer for number of teaching organisations in Germany, Switzerland, Greece, Poland and Barcelona. Radha practices in Sutton Coldfield, West Midlands. Her first book, 'Energetics in Acupuncture' has been published in German and English. Radha follows the Chinese style of teaching with the 'hands-on' method and lot of practice. Courses are lively and interactive. Learning Acupuncture should be fun and enjoyable and create confidence in the learner!
